

NFHS Soccer

Dual System Mechanics

Objectives

- Identify responsibilities of dual system officials
- Perform basic mechanics in prescribed manner
- Describe general patterns of movement
- Describe major set positions used
- Identify responsibilities of Lead/Trail officials

Authority and Procedures

- 2014-15 NFHS Soccer Rules
 - ◆ Dual-Officiating System,
p.87

Head Referee

- Conducts pre-game conference(s) and instructions
- Make decisions on points not covered by Rules
 - ◆ Match authority on rules interpretation, equipment legality
- Who's the Head Referee?
 - ◆ Planned dual will be designated
 - ◆ Unplanned dual? Higher ranking

Referee Team Pre-game

- Inspect field/players together
- Determine lead/trail directions (left or rt.)
- Decide touchline/goal line responsibilities
- Review proper mechanics/techniques
- Emphasize eye contact; consult if needed
- Simultaneous whistle – defer to head ref
- Coordination Issues
 - ◆ Substitutions
 - ◆ Injuries
 - ◆ Restarts

Making the Call I

Responsibility for Restart Whistle

Trail whistles start

Kickoff(s)
Drop Ball ?
Goal Kick
Throw In (Trail side)

Lead whistles start

Corner kick
Penalty kick
Free kick
Throw In (Lead side)

Subs – official responsible for restart whistles

Making the Call - Eye Contact Essential

Referee who **SEES** the violation, whistles

Dual System of Control

Out of bounds responsibility

Keep play in between on the 30-40 yard rope

Adjust to flow – Lead Official keys on Lead Attacker

No Touchline Hugging

Flexible Pattern – requires high work rate to stay close enough to play and still be able to cover the offside decision

Covering “coffin corner”

Trail must press down with play. Lead is usually screened and must split his focus to determine offside.

Running off the field may be required

Just like diagonal system? Lead referee should be closer to the goal than the thrower, in order to cover goal scored as well as offside.

Play near the goal

Lead referee across the goal may be necessary, but may also compromise the offside decision.

Set Positions

Start of Play

During play

Free kick

Corner kick

Goalkeeper clearances

Goal kick

Penalty kick

Throw in

Drop ball

Start of Play

During Play

Free Kick

Free Kick in Attacking Half

Trail referee:

Moves even with ball

Covers:

placement
encroachment
delays

(Restart whistle when ceremonial. Ensure Lead is in position.)

Lead referee:

Moves ahead for
Play/goal coverage

(Eye contact or repeat DKF/IFK signal to show readiness.)

A quick restart will be a positioning challenge

Corner Kick

Goalkeeper Clearance

Goal Kick

Penalty kick

Throw In

Dropped Ball

Trail official controls drop ball

Lead official anticipates play

Direction of play could change quickly

Officials need to be ready to adjust quickly

(NFHS Rules seem to indicate that there is a Restart whistle on Dropped balls??? Don't!)

Set Positions - Discussion? Questions?

Start of Play

During play

Free kick

Corner kick

Goalkeeper clearances

Goal kick

Penalty kick

Throw in

Drop ball

**Remember “Dual in
Dual System”**

is NOT spelled “duel”

***As always, teamwork is the
key to success.***
